Subject: Re: Dimock Data

Sure! So, that was fun. I added as much of the data that I could to the website. I hope there are few duplicates up there. I really didn't see much data up there yet. Did I miss something? Suddha, good luck getting through all of this. The Gesford stuff and the wellsite investigation information is not specifically residential well data, but instead data from industry on their gas wells, alleged releases and alleged ;) investigations.

I absolutely tried for over 1.5 hours to load all of the lawyer's data tables. I am not going to spend the rest of today trying again. The upload failed after i zipped and loaded. If there is someone (i.e. EPA database manager?) that can provide that info to the OSCs through the website, please have at it. The location of these files is on the regional office shared drive at:

Bob- can you load the data from the Dimock folder onto the OSC page for Rich?? I failed miserably trying to load the map so Jim did it, but he's not here today...Sorry!

Subject: Dimock Data

Hi Karen,

I am beginning to have my START get a firm handle on all the previous data. I am sure you have done this already, but I am just double checking that all the data received by EPA on Dimock is uploaded to the OSC web page.

Thanks. Rich.

Bob, I assume that Karen has all the data that has been received by ATSDR. right?
